

CAREER OPPORTUNITY

Pharmacist (Part-time)

Core Responsibilities:

- Manage and secure registration of various medical and pharmaceutical products as required by the Ministry of Health and Wellness, the Food and Drugs Act, 1964, and the Precursor Chemicals Act, 2005.
- Liaise with international suppliers as it relates to compilation of product dossiers for registration
- Preparation of product dossiers for registration of pharmaceutical/medical products prior to importation, distribution and sale in territories.
- Collaborate with procurement supervisor as it relates to import permit application for registered products.
- Ensure compliance with relevant health and regulatory entities and Acts.
- Interface with Products and Sales Department with reference to product information, possible importation requirements, and other relevant product and market information.

Job Requirements:

- One (1) year working experience as a Pharmacist
- Bachelor's Degree in Pharmacy
- Registered Pharmacist licensed by the Pharmacy Council of Jamaica
- Good time management, analytical and organizational skills
- Working experience at a distribution pharmacy, and handling product registrations is a plus
- Ability to communicate effectively (verbal and written).
